CREAMERY WILL BE ESTABLISHED

Wisconsin Men Buy Farm For it.

Will Have One Hundred Jersey Cows and Will Run a Strictly First Class Place—Leave For Wisconsin But Will Return—Another Farm Is Likewise Purchased by Northern Man—Jennings Property on Fifth Avenue Changes Hands.

Two hustling Wisconsin men have closed a deal for a fourteen thousand dollar farm north of Greensboro and will start a first class creamery.

These gentlemen are Mr. Aloys Beischel and Dr. P. O. Schallert. The deal was engineered by Mr. J. R. Hughes, of the Greensboro Real Estate Exchange, who is making a specialty of calling the attention of well-to-do men of the West to the fine opportunities awaiting them in this section of the South.

One hundred Jersey cows will be used by the proprietors of the creamery, which will be a new industry for this section and one that will be warmly welcomed.

These two new citizens of Guilford closed the deal for the property this week and left for Wisconsin. They expect to come back in about thirty days and take charge of the farm which they have purchased.

Mr. Hughes has sold another farm to Mr. J. A. Gray, formerly of Pittsburg. Mr. Gray yesterday placed contracts for the erection of buildings on his newly purchased farm, which embraces 100 acres and is located north of town.

Another new citizen for Guilford will also be a citizen of Greensboro. He is a Mr. Caldwell, of New York State, to whom Mr. Hughes has sold the Jennings property on Fifth avenue.

To land in one week a lively bunch of "immigrants" like those described above, is doing pretty good business in the way of increasing the population of Guilford Mr. Hughes thinks and rightly so.

"A GOOD SHOW"

A Pennsylvania Paper So Describes John Robinson's Circus.

The Greenville, Pa., News, under the heading "A Good Show," says:

"John Robinson's ten big combined shows gave two performances in this city. A large attendance greeted the performers in the afternoon, while in the evening the audience was fairsized. The show, in its entirety, is one of merit—all acts being first class—while in many instances more than ordinary mention is deserving. The dancing elephants and horseback riding seals were without doubt the best acts of the kind ever witnessed under canvas in Greenville. At each performance two hours of solid fun and amusement, combined with daring feats and clever acts were given. It is one of the most gentlemanly aggregations we have ever had the pleasure greeting, and should the company visit this city in the future, it is safe to venture that packed tents await it. The foregoing is but a brief synopsis of a performance strictly meritorious and high-class in every particular."

The big show will exhibit at Greensboro Monday, Sept. 12.

The Town Clock.

Mr. Jim Buck Ellington yesterday installed the new pendulum for the town clock and the city's timepiece began clicking away again. The average person would not know what the works of this clock were should he see them in a glass case. The wheels are of solid steel and instead of being in a case as one would imagine are on a stand much like a grindstone stand. The pendulum is a ten foot scantling with an enormous weight attached. Mr. Ellington states that every time it rains the clock machinery gets wet and it is practically impossible to keep it in good running order. If the city or the county would make the clock tower waterproof then it would not get out of running order so frequently.

Mrs. Faulkner's Mother Dead.

Rev. Thos. G. Faulkner received a message yesterday morning informing him of the death of Mrs. Faulkner's mother, Mrs. C. J. Terrell, at her home in Hewlett, Va. Rev. Mr. Faulkner left yesterday afternoon for Hewlett to attend the funeral.

HOW THE UNITED STATES MARINE BAND ORIGINATED

Its Origin Was Circumstantial and In a Way Providential.

The United States Marine Band, which will give a concert at the Auditorium Sept. 15, under the baton of Lieut. W. H. Santelmann, has had a varied career. Its origin was circumstantial and in a way providential. It was during our war with Tripoli that one of our vessels stopped at an Italian port and invited some musicians on board with the understanding that they could organize the navy band for the then young republic. The proposition was quickly accepted by the music-loving Italians, who also would enjoy the spirit of adventure in the far-off new country. The officers of the vessel meant well, but when they reached America the National government did not look favorably upon the proposal. We had had tangles sufficient with foreigners for a while. Accordingly the Italians were incensed when they were forced to return to their native land. Some say they were not even permitted to land in Washington, but were transferred at once to an out-going vessel. At all events, the vessel bearing these musicians encountered a skirmish with a British ship as it proceeded out of Chesapeake Bay and the Americans were forced to return to land. The Italians were brought back to Washington and thrown upon their own resources. Music being their accomplishment, they organized a small band and furnished music for the navy without any order from the National government. Soon they became known as the Marine Band and during the War of 1812 played quite an important part in the social and official life of the Capital City.

Strange as it may seem, the Marine Band was in existence half a century before it received recognition by Congress and then the title of the leader was changed from Fife-Major to Bandmaster and the organization limited to thirty classified musicians. Many more years passed before Congress again turned its attention to this band and then President McKinley increased the number of men to thirty first class and thirty second class musicians, changing the director's title to leader. Later additional privileges were granted and the leader made a first lieutenant, in which capacity William H. Santelmann will greet his audiences at the Auditorium. This has been the checkered life of the United States Marine Band. Born of neglect and indifference, it has fought its way bravely to the highest ranks of band organizations, artistic and popular, and dear to the hearts of the nation.

MEMORIAL BRIDGE ACCEPTED

Thousand Dollar Structure Turned Over To County Yesterday.

The bridge across the creek at the Millis place, on the Greensboro-High Point road, was formally accepted yesterday by the county, through the members of the Highway Commission. This is the concrete bridge erected with the $1,000 prize money given the county for the best road between New York and Atlanta. Inasmuch as the construction of the roads which won the prize was under the supervision of the Highway Commission and as the contract for the bridge was let just before the Highway Commission was dissolved by law the county commissioners thought it fitting that the members of the commission should accept the bridge in the name of the county when it was completed.

The bridge contains a tablet of bronze suitably inscribed, the inscription telling how the money with which the bridge was erected was secured. Another tablet gives the names of the members of the Highway Commission, under whose supervision the roads were constructed.

Palm Street Sunday School.

The Sunday school of Palm Street Christian church, Revolution, had its annual picnic last Saturday. The smaller children were taken on a special car to Lindley Park and Piedmont Heights and on their return an old fashioned picnic dinner was spread at the church. The school is in a flourishing condition with a steadily increasing membership. There are 157 on the cradle roll alone.

Will Meet This Morning.

The household economics department of the Greensboro Woman's Club will hold its first meeting this morning at the Carnegie library at 10:30 o'clck, to elect officers and arrange details for the year's work. This is a very important meeting and every member is urged to be present and to come prepared to pay her dues—one dollar in advance.

Mrs. S. A. Holleman went to High Point yesterday afternoon to visit her daughter.

WOMAN DRINKS CARBOLIC ACID

Prompt Work of Physicians Save Life.

Mrs. Gillie Batting Attempts Self Destruction by Swallowing Deadly Drug—Railroads Fined For Violating Federal Safety Appliance Law—Norfolk and Western Appeals Case—Two Charters Issued—Military Funeral For Col. J. G. Hollingsworth.

Raleigh, Sept. 7.—Mrs. Gillie Batting, who came to Raleigh from Durham and is a native of Johnston county, is at Rex Hospital recovering from a drink of carbolic acid taken this morning with suicidal intent. She had been talking of suicide for several days, so her landlady, Mrs. Woods, at 324 West Lane street, says and is thought to be insane, although she had kept up her work at the Melrose Knitting mills. She was on her way to the mill this morning when she fell in the street from the effect of the acid she had taken before starting to her work. Prompt transfer to the Rex. Hospital probably saved her life.

A judgment for three hundred dollars against the Aberdeen and Rockfish railroad has been entered by Judge Connor of the Federal court for violation of the Safety Appliance Act of Congress in not having couplings that worked properly. The railroad company accepts the judgment without appeal. On the other hand the case on appeal in the case of United States vs. Norfolk & Western is being prepared to resist a similar judgment against that road for defective couplings in a freight train between Durham and Lynchburg. This is a case that has been pending for some time and is being carried up to test the act at the instance of a number of the railroad companies of the country. Major W. A. Guthrie of Durham has charge of the case.

Two charters were issued today. The Public Hardware Co., Durham, capital $100,000 authorized and $14,000 subscribed for general hardware business by R. H. Wright and others with E. J. Parrish as agent in charge.

A general order concerning the death of Col. James G. Hollingsworth, paymaster general of the North Carolina National Guard at Richmond last night as the result of injuries sustained in an automobile accident, was issued this morning by Adjutant General J. F. Armfield, the order giving a brief statement of the military career of the deceased and directions for the captain in command of the company of the National Guard at Fayetteville to provide a proper military escort and military honors for the interment of the deceased officer. Col. Hollingsworth had first service as a member of Company A, Second regiment, which he joined in 1887. He was commissioned as first lieutenant for the Spanish-American war Nov. 16, 1898, served throughout the war. At the close of the war he was made captain of the Fayetteville company—Co. A, First infantry—in the reorganization. He was commissioned major and quartermaster for his brigade August 18, 1904. The commission as paymaster general which he held at the time of his death was issued April 3, 1909.

Placing Tickets For The Lyceum.

Mrs. R. Bowman Grimm, of the Alkahest Lyceum system, is here placing tickets for the proposed series of Lyceum entertainments for Greensboro. Four hundred season tickets have to be sold at $2.00 each to guarantee the securing of the series. The entertainments are of a high order, distinctively educational and inspiring and at the same time thoroughly entertaining.

Tin Wedding.

Mr. and Mrs. A. W. Kaplan have issued invitations to a number of friends to celebrate the tenth anniversary of their wedding on Sunday, September 11. A number of out of town guests will be here and the celebration will be held at their residence, 204 South Forbis street.

An Earthquake Reported.

Washington, D. C., Sept. 7.—An earthquake, believed to have been about 4,500 miles away, was recorded on the seismograph at Georgetown University early today. The tremors, which lasted from 3.14 to 3.35 o'clock were very slight and in an east and west direction.

WILL SUBMIT REPORT FRIDAY

Aldermen to Consider Lighting Proposition.

The Report of Engineer Guildford and Bid of Public Service Company, Together With Recommendations of Committee to Be Laid Before Board—A Conference Held Last Night, By Board and Special Committee.

The Board of Aldermen held a conference with the Water & Light Commission and the special committee appointed to investigate the advisability of erecting a municipal lighting plant last night in the office of City Clerk Michaux. The report submitted by Engineer Guildford was discussed at length and the figures submitted compared with the bid submitted by the North Carolina Public service Company.

The conference was behind closed doors and beyond the fact that the report was discussed in a general way nothing was given out after the conference was over. It is understood that the special committee will submit the report of Engineer Guilford, together with the bid of the Public Service Company, to the Board of Aldermen at the meeting Friday afternoon. What the recommendation of the committee will be is not known. It is understood that the figures in the report and the bid of the Public Service Company will not be made public until the aldermen take some action on the report of the committee.

While none of the members of the board, the Water and Light Commission, or the special committee will talk regarding the matter it is understood that there is but little difference in the cost of maintaining a municipal plant and the bid of the Public Service Company. The item about which there seems to be the greatest difference of opinion is the pumping contract. The Public Service Company, it is thought, does not particularly care for this contract and it is quite probable that the city will install a steam pumping plant. As to the street lighting contract it is believed by a number who have kept in close touch with the matter that the bid of the Public Service Company will be accepted.

The contract now in force will expire on the 27th of next May and some action will have to be taken soon for in case the city should decide to install a plant the work will have to be commenced at an early date in order to get it ready for operation by the time the contract expires. However, as stated above it is not believed this will be done.

Should a plant be erected for this purpose a competent man would have to be secured to have charge of the plant or it would prove a failure, is the opinion of many. Therefore, it is argued, an additional commissioner would have to be provided in the proposed charter for it would be indeed a hard matter to find a man capable of looking after the water system of the city who would be competent to handle successfully the electric lighting as a man well versed in electricity has never given much thought to any other line of business. The proposed charter puts the water and light department in charge of one commissioner, the supposition being that the lights would be furnished by contract.

At any rate there is considerable speculation as to the final outcome of the investigation, which has been going on for nearly a year, and which has cost in the neighborhood of $500. There is little liklihood that the committee report will be acted on Friday afternoon as last night was the first time the members of the board have seen the report of Mr. Guildford and they have only two days to study it before the meeting.

Adjudged a Bankrupt.

In bankruptcy court yesterday Judge Boyd signed an order adjudging G. M. Morris, of this city, bankrupt. The liabilities are $2,716 and the assets nominal. The matter was referred to G. S. Ferguson, Jr., referee. Mr. R. D. Douglas and King & Kimball are attorneys for the bankrupt.

Wanted—100 more club members at $1 per month at Economy Pressing Club. Phone 350.

DRIVING THROUGH THE COUNTRY

Two Young Men Traveling From Wilmington to Washington in the Old Fashioned Style.

Editor H. S. Shaw, of the Bladen Journal, Clarkton, N. C., and Mr. J. D. Robinson, of Wilmington, arrived in the city yesterday afternoon and spent the night here. These gentlemen are driving through the country from Wilmington, N. C., to Washington, D. C., and instead of using an automobile they are using a top buggy and a pair of horses, to get a good view of the county through which they pass and size up the natives at leisure. They left Wilmington last Saturday and arrived in Greensboro yesterday afternoon at five o'clock, traveling only in the daylight and resting on Sunday. They expect to reach the capital by September 17 and will be back in Wilmington within thirty days if they have no serious accidents and their plans work out as they expect.

In talking of their trip from Wilmington to Greensboro they said that in crossing Chatham county they were especially struck by the lonesomeness, traveling at least twenty-five miles without seeing a single human being. While they say the Guilford county roads are all right and compare favorably with any they have seen so far, the only accident they have had befell them at the lower edge of this county. They were stuck up in the mud and broke the tongue to their buggy. This has been repaired and they will leave at six o'clock this morning headed toward Roanoke, then follow the Virginia valley into Washington.

Returning they will come by Richmond, Wilson and Goldsboro into Wilmington. Mr. Shaw will write up his experiences for his paper.

POLICE NEWS.

No Municipal Court Yesterday—Levi Richardson Will Answer To Three Charges Today.

There was no session of Judge Eure's court yesterday, there being no arrests on Tuesday or Tuesday night and the cases against Levi Richardson not being ready on account of the injury the prisoner had inflicted on the chief witness. The Richardson negro will have to answer today to three charges, one for assault on Sam Rankin, an old negro man about seventy years of age, with a deadly weapon, a knife, and two charges of simple assault, one on Charles Sharpe and another on his wife Mary Sharpe.

Saturday night it seems that Levi imbibed too much of the "ardent" and tried to whip out the east end of Jonesboro. He attacked the old negro, Sam Rankin, and cut him in the chest and face, the injuries being severe, but not fatal, the old man being expected to be able to be at court this morning to testify against his assailant. Officer McFarland made the arrest Sunday night, the negro being found at his mother's house in that section of the town in a very drunken condition.

SPECIAL PROGRAM OF WEST MARKET EPWORTH LEAGUE

Report on Past Year's Work and Installation of New Officers Monday Night Next.

The retiring officers of West Market Epworth League will give reports of the past year's work next Monday evening and the installation of new officers will take place. After which there will be a social hour.

All who wish to hear what the league has been doing are cordially invited.

The officers-elect are:

Mr. Numa Causey, President.
Mr. W. E. Johnson, first vice president.
Mrs. Martin, second vice president.
Miss Harris, third vice president.
Miss Brookbank, fourth vice president.

Miss Janie Mitchell, pianist.

Mr. Blair's Campaign.

Mr. D. H. Blair, Republican candidate for Congress from the Fifth district, returned to his home in Winston last night after a conference with his campaign committee here. Mr. Ben Sharpe, of this city, has been selected as secretary to Mr. Blair. The campaign will begin Saturday with a speech at Prospect Hill, Caswell county. The campaign committee will prepare a regular schedule for the candidate before long.

Ball Game Postponed.

The ball game between the United Commercial Travelers and the Travelers' Protective Association, scheduled for Saturday of this week, has been postponed until Saturday, Sept. 17. A good game is to be expected.

OUTLOOK BRIGHT FOR DEMOCRACY

Says Congressman Robert N. Page.

Believes Democrats Will Control Sixty-first Congress—Says Campaign In State Will Be More Strenuous Than In Several Years—Says Democrats Should Work to Get Out Full Vote In Strong Counties Especially.

Raleigh, Sept. 7.—Here conferring with Chairman A. H. Eller, at the State Democratic headquarters is Hon. R. N. Page, Congressman from the Seventh district and member of the National Democratic Congressional Campaign Committee. He says the outlook for Democratic control in the Sixty-first Congress is brightening every day, the fight between the two wings of the Republican party in many parts of the country giving every assurance of the election of Democratic Congressmen from many districts heretofore considered rock-ribbed Republican. The trend in the northwest and in the New England states, too, he says is decidedly toward Democracy as the dominant political principles.

He says that his observation of the conditions in this state are that the Republicans under the leadership of Congressman Morehead, with ex-Senator Marion Butler as "coach," are organizing with a thoroughness that they have not attempted in a long while with a determination to poll a full vote. He declares that Democrats must realize that they are up against a fight in this State and that forces must be organized so that there will be yet other gains in the strength of the Democratic party in this State. He is anxious especially, for the full vote to be cast, work to this end being especially necessary in those counties of the State that are overwhelmingly Democratic. He says that in many localities large numbers of Republicans are being found who are disgusted with the elevation of newest converts to the party to nominations to the highest offices and at the return of the Butler interests to control in Republican party affairs.

Raleigh's legislative market house commission charged with the erection of a new market house for the city and the sale of the present old city hall building and market on Fayetteville street, promises an early settlement of the problem of the location of the proposed market. The commission is credited in some quarters with being in the midst of a wide disagreement over the site with the city attorney, Walter Clark, holding the balance of power to break a tie. There was a secret meeting last evening at which this difference is alleged to have occurred. However, this is denied by the members of the commission, although they decline to make any statement as to what the situation really is.

OPENING OF IMMANUEL LUTHERAN COLLEGE, COLORED

One Hundred and Thirty Four Students Enrolled Up To Last Night.

Immanuel Lutheran College, colored, opened yesterday with the largest enrollment of its history. Divine services were conducted and there were addresses by Prof. N. J. Bakke, the president, and Rev. J. McDavid, of Charlotte. The opening exercises also included organ selections and reading and explanation of household rules.

There are more students still to come, the number already enrolled being 134. The states of North Carolina, Virginia and South Carolina are represented in the student body. The college is co-educational.

The regular college work will commence today.

Notice To Members of Holy Trinity Parish.

The ladies of Holy Trinity Parish are notified that the dollar party which was to have been held in the Y. W. C. A. rooms under the auspices of the Parish Guild has been postponed. Notice will be given later of the date decided on. The regular meeting of the Guild will be held instead at 5 o'clock in the Y. W. C. A. rooms. All members are asked to be present.

A number of people from High Point, Reidsville and nearby towns were here last night to witness the attraction at the Grand.

Use TIZ--- Smaller Feet

Sore Feet, Tender Feet and Swollen Feet Cured Every Time. TIZ Makes Sore Feet Well No Matter What Ails Them.

Everyone who is troubled with sore, sweaty, or tender feet—swollen feet—smelly feet, corns, callouses or bunions can quickly make their feet well now. Here is instant relief and a lasting permanent remedy—it's called TIZ. TIZ makes sore feet well and swollen feet are quickly reduced to their natural size. Thousands of ladies have been able to wear shoes a full size smaller with perfect comfort.

It's the only foot remedy ever made which acts on the principle of drawing out all the poisonous exudations which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleanses them out and keeps them clean. It works right off. You will feel better the very first time it's used. Use it a week and you can forget you ever had sore feet. There is nothing on earth that can compare with it. TIZ is for sale at all druggists 25 cents per box, or direct if you wish from Walter Luther Dodge & Co., Dodge Building, Chicago, Illinois.

IN A BAD WAY.

Many a Greensboro Reader Will Feel Grateful for This Information.

When your back gives out;
Becomes lame, weak or aching;
When urinary troubles set in.
Your kidneys are "in a bad way."
Here is good evidence to prove it.

Mrs. Delara Stubbins, S. Main street, Burlington, N. C., says: "About three years ago I began to snuffer from severe pains through the small of my back and across my limbs. My body bloated and the kidney secretions were unnatural. The doctor said I had symptoms of Bright's disease. I at length procured a box of Doan's Kidney Pills and began using them. In a short time they greatly relieved my suffering and I am now able to attend to my household duties. I gladly advise all sufferers of kidney complaint to give Doan's Kidney Pills a trial."

For sale by all dealers. Price 50 cts. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name — Doan's —and take no other.

A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair, No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

SIMON GUGGENHEIM.

Hard-Working as a Senator and Believes in His Own Sincerity and Popularity.

New York World.

As a Senator Simon Guggenheim is a hard worker. He has the habit of persistency and hard work. His ambition to be a United States Senator took more than 10 years to realize. In the face of at times hopeless prospects he continued his liberal campaign contributions and political alliances with men with whom his business interest would naturally bring him in opposition. After his election he organized a thorough secretarial bureau, which promptly attends to all the correspondence from the citizens of Colorado and grants many small requests in a more expeditious and liberal manner than would be possible to a Senator of less financial means and poorer business habits.

Indeed, Simon Guggenheim believes that he is a good Senator, and faithfully represents the people of Colorado. He says: "I want to make a name for my family and bring honor to my race." To the best of his lights he is trying to do it. He sees nothing wrong in voting for a higher tariff on lead, zinc and rubber because he believes that the profits and prosperities of these industries are thereby increased, and the fact that his family share in the profit and prosperity is no reason for him to vote otherwise. He believes in business consolidations and in concentrating the management of great enterprises in a few hands. He believes in men like Aldrich and Ryan.

How firm is Senator Guggenheim's belief in his own sincerity and popularity is proved by a letter he wrote last month to the chairman of the Republican State Committee of Colorado, stating that if he is a candidate for reelection he will ask the people of Colorado to express their preferences direct and if he does not secure a majority on a popular vote he will not ask the Legislature to elect him.

And Colorado is a State where both women and men vote.

CLEANLY WOMAN.

Erroneously Thinks by Scouring Her Scalp That She Cures Dandruff.

Cleanly woman has an erroneous idea that by scouring the scalp, which removes the dandruff scale, she is curing the dandruff. She may wash her scalp every day, and yet have dandruff her life long, accompanied by falling hair, too. The only way in the world to cure dandruff is to kill the dandruff germ, and there is no hair preparation that will do that but Newbro's Herpicide. Herpicide by killing the dandruff germ, leaves the hair free to grow as healthy Nature intended. Destroy the cause you remove the effect. Kill the dandruff germ with Herpicide. ELON COLLEGE OPENED WITH BRIGHT PROSPECTS.

The Twenty-First Annual Session Commenced Yesterday.

Elon College, Sept. 7.—A very enjoyable event occurred at the Christian Orphanage recently when Rev. and Mrs. J. L. Foster, familiarly known to their orphanage friends as Uncle Jim and Aunt Myrtle celebrated their 20th anniversary in the form of a crystal wedding. Many useful discriminating and valuable presents were given Mr. and Mrs. Foster. They generously donated the same to the Orphanage, of which Mr. Foster is the superintendent.

The college opened today its 21st annual sesion with bright prospects. The day was given to registration, matriculation and examinations and classification and classes and lectures will begin tomorrow. Every train during the day and night yesterday and today brought its new recruits to the student body. The spirit of the student body was never more loyal.

Mr. A. L. Lincoln, who graduated at the college last year, and who has been the president's private secretary for four years, has been elected instructor in French and Mathematics and Director of the business department for the present year and has entered upon his duties.

Where They Belong.

"Pa," said little Ostend, as he leaned out of the window of the smoker, "why do they put those bull dogs in the baggage car?"

"On account of their grips, my son," responded pa, solemnly, and then the train pulled on.—Chicago News.

Mrs. Jacob Wilmert, Lincoln, Ill., found her way back to perfect health. She writes: "I suffered with kidney trouble and backache and my appetite was very poor at times. A few week's ago I got Foley's Kidney Pills and gave them a fair trial. They gave me great relief, so continued till now I am again in perfect health." Holton Drug Co.

The only defense some men make is to cal lthe other fellow a liar.

AMUSEMENTS

Dresed superbly in costumes which are blinding in their glory and exciting in their beauty, framed in molten gold, crowded with women who look like empresses and pointed by the talent of Jefferson De Angelis, "The Beauty Spot," by Reginald DeKoven and Joseph Herbert will play an engagement of one night at the Grand at an early date.

The piece is produced under the management of F. Ray Comstock who has embellished it with every possible touch known to the art of producing musical comedy. He has engaged a company of people whose splendid animal spirits speed the show to an enjoyable freshness and a musical rumpus which is most attractive. The dainty girls, dazzling choruses with dancers that have lightnings and melody well mixed make up the greater part of the score of nice, whistly, handsome and endearing numbers are always the greatest attraction in any musical entertainment with which Mr. De Koven has anything to do.

Dustin Farnum in "Cameo Kirby.

Dustin Farnum, who has to his credit a long honor roll of personal hits, comes to the Grand Sept. 14th in a new vehicle called "Cameo Kirby" from the pens of the prolific authors and playwrights, Booth Tarkington and Harry Leon Wilson. This play will bring Mr. Farnum to the Grand in a role, which acording to all reports, offers him all the opportunities he could desire for the display of the sympathetic qualities of his art along lines other than the interpretation of cowboy roles. He will have the part of a Mississippi River gambler of the sort that operated on that great highway of commerce in the early thirties. In the happy working out of the unexpected difficulties with which he is beset in upholding the honor of his craft he will have many scenes of unusual brightness as well as intense emotianal moments and it is fair to assume that an actor of Mr. Farnum's abilities fully avails himself of all the chances that are thus afforded him. Liebler & Co. who are directing the tour of this dintinguished player have surrounded him with a company of exceptional merit.

When Merit Wins.

When the medicine you take cures your disease, tones up your system and makes you feel better, stronger and more vigorous than before. That is what Foley's Kidney Pills do for you, in all cases of backache, headache, nervousness, loss of appetite, sleeplessness and general weakness that is caused by any disorder of the kidneys or bladder. Uncle John's Tavern

By M. QUAD

Copyright, 1910, by Associated Literary Press.

Uncle John White had traded a pretty good farm for a pretty good tavern. He had got to be fifty years old and tired of hard work, and he thought tavern keeping easy and profitable. It wasn't six weeks before he learned to the contrary. It was easy enough, for he had nothing to do, but he looked in vain for the profits.

One summer's day Uncle John sat dozing and thinking. It was a hot day, and the town was dead. Nothing buzzed but the flies. Uncle John would have been asleep in five minutes more but for the arrival of a stranger on foot. The arrival was dusty and ragged. If he wasn't a tramp then Uncle John never saw one. He was motioned to go around to the kitchen for a cold bite, but he sat down and said:

"A little business talk with you first, and then I'll take the best room in the house and eat my meals in the dining room."

"I can't hire no tramps," said Uncle John.

"But it may be that I shall hire you. Lead the way."

The fellow had a compelling way with him. Uncle John led the way upstairs, and he picked up his bundle and followed. As they entered a room he locked the door on them and then sat down for a talk.

When the talk was finished he brought shears and razor and cut the stranger's hair and shaved him. Then the old bundle was opened and a fairly decent suit brought out. What it lacked was supplied by mine host. Result—a decent looking guest instead of a disreputable tramp. He appeared downstairs just after the train came in, and Mrs. White thought he came by it. So did the villagers who straggled in after supper for a glass of beer and a bit of gossip. John Taylor had arrived—best room in the house—paid a week in advance—no doubt a man of means—was mum as to his business—probably had some big enterprise on hand. It was two weeks before the nature of that enterprise was learned. Uncle John had to sell a horse first, and advertisements had to be written and placed. It was also necessary for the editor of the local paper to make a writeup. The advertisement inserted in various newspapers read:

"A would be philanthropist stands ready to make a gift of $1,000,000 for the best interests of society, but would like personal advice. No letters. Shall it be colleges, schools, asylums, hospitals, homes or gifts to widows?

Then the name of Mr. Taylor and the village were given. Uncle John was running a ten room tavern—that is, only ten out of the forty rooms were furnished. He bought, hired and borrowed furniture for the other thirty rooms. He bought crockery and cutlery and hired a cook and a waiter. He ordered extra kegs of beer and raised his rates from $1 a day to just double. It took sand to do it. Mrs. White was not let into the secret, and she almost went crazy.

One day ten strangers got off at the depot and asked for Taylor. The next day there were twenty. On the third day Uncle John had to distribute his guests around among the villagers. He was here, there and everywhere, looking for judgment day. As for Mr. Taylor, he was cool—cool and smiling. He had office hours from 9 a. m. to 5 p. m. He gave each "patient" one hour. That made eight per day. The rule was rigid, and the others must wait. Therefore a comer might have to wait five or six days for his interview. Meanwhile he had to eat and sleep and pay $2 per day.

Strangers who knew just how that million ought to be expended to do the world the most good kept coming by every train. There was no other tavern; there was no other Mr. Taylor; there was no other place in town where beer and cigars were sold. Colleges, hospitals, asylums and every sort of public institution sent representatives. Politicians came to get that million to start reform. Men came who wanted to found new religions. Widows wanted cash, and townships and counties wanted highway improvements. For two months they came and went. They slept where they could and ate what was set before them. Then the tide began to thin out, and there was more advertising. This time the advertisement read:

"Any inventor having a good thing or any person having an idea that can be turned into cash will find man and money ready."

And then it was the rush all over again. Inventors brought their models, and there was a barn full of them. Others brought their ideas, and they were too numerous to be listed. For five long months Uncle John's tavern hadn't a room or a place at the table to spare. Then along came a man to buy him out.

"Sell and get out," advised Mr. Taylor.

The advice was followed.

"Now we will figure up and whack up."

It was done. Mrs. White smiled, Uncle John rubbed his hands, and the stranger grinned. Uncle John's tavern has a new name and a new proprietor now. It is not a forty room tavern any more. It is a five room one, and the new man sits on the veranda looking for tramps, but looking in vain.

TYPOGRAPHICAL UNION LABEL GREENSBORO, N.C.

The veterans appear to have moved on Norfolk in numbers. Every one rejoices, too, to see the old vets having a good time.

Vermont held its election Tuesday. The Republicans elected their ticket, but with the smallest plurality, with two exceptions, since 1870. But it is to be doubted if any State election is a key to the political attitude of the people nationally. Issues peculiar to the State are almost invariably the only ones involved.

Those real estate deals in farm property that Mr. J. R. Hughes has just closed are full of significance. Greensboro has several pressing needs and one of them is a well developed back country. Thrifty farmers from other states are needed to join with those already here in developing the county. With the rural districts thoroughly cultivated, with additional industrial plants and with the interurban, Greensboro would grow with great rapidity in the coming ten years.

We do not believe that, as some seem to think, the 25 per cent. recall constitutes an objection to the proposed commission form of government. It does not recall the official concerned, but recalls the election in which the official can stand along with others if he desires. And to get another election there must be 25 per cent of the qualified voters and the list duly certified must be filed with the clerk. The general public doesn't take much practical interest in public affairs and unless there should be some serious shortcoming on the part of a commissioner it is doubtful if the necessary red tape to call another election would be gone through with. We are told that in practice—and experience is the only sure teacher—the 25 per cent. recall is seldom used. At the same time it necessarily serves as a constant warning to the commissioner to be on his job and to be on it effectively. Really an energetic, ambitious public official is rather the exception than the rule. If the commission form of government will give us officials who will devote themselves wholeheartedly to their work and cut out frivolities and side lines, it will be a fine thing. Those who are vouching for it tell us that it will do that very thing and the indications are that the accuracy of their prophesying is soon to be tested.

For a public man with a bright political future and who naturally wants to steer clear of embarrassing situations, Judson Harmon, Governor of Ohio, and possible Democratic Presidential candidate, has had rather rough sledding. He investigated a lynching at Newark, Ohio, and laid the heavy hand of a stern executive on those responsible. No sooner was he through with this business, which, of course, made some enemies for him, than a street car strike, attended with great disorder, broke out at Columbus. Fearlessly and without regard for his political future he turned his attention to Columbus, exercising the same firmness and determination that characterized his dealing with the situation at Newark. The Baltimore Sun designates him as "a man of whom the country should be proud" and says:

The conduct of Governor Harmon has been worthy of all praise. An important election is pending in which his own personal and political fortunes are involved, and yet he is conducting himself as if there were to be no election this fall. He took an oath when he became governor of the State to see that the law of the land was obeyed, and he has been true to that oath. He has shown a determination to enforce the law without 'fear, favor, partiality or affection." And he goes about it soberly and discreetly, using the machinery that the law has provided. He pursued this same method in dealing with the Newark lynchers, and he has been equally zealous in compelling obedience to the law by the rich and powerful corporations as he has been determined in dealing with the mob.

President Taft has on more than one occasion referred to the growth of socialism in this country. He regards it as one of the great problems before the people at the present time. A leading Baltimore preacher the other day said, "Socialism looms up as the most important political question before the world today." But the same preacher declared that socialism while having some good points in its favor is filled with imperfections. Individualism is, in our opinion, the great force that holds society together. Its abolition would, we believe, result in hopeless confusion and complete stagnation. But there is excuse for the socialistic theories now rampant. The Baltimore preacher truthfully says:

The laboring people are not getting a fair share of the products of industry. It is not right that 99 per cent. of the wealth of the country should be in the hands of one-ninety-ninth of the population. The wage-earners want not charity but justice. Tens of thousands of weary-faced men, women and children slave in mills, factories and mines, earning scarcely enough to keep body and soul together, while the idle rich waste enough in one summer to support hundreds of families the year round.

One reason there exists a class known as "the idle rich" lies in the existence of a political party known as the Republican party. That is the party that passes laws which make the public generally pay tribute to the tariff barons. If it were not for the sugar millionaires, the steel millionaries and all the other magnates whose fortunes are the outcome of an unjust system of tariff taxation, there would be considerably less agitation for socialism.

WEDDING AT THE M'ADOO

Young Couple From Near Summerfield Married There Yesterday.

The parlor of the McAdoo was the scene of a wedding yesterday at 12:30, the contracting parties being Miss Ollie Lester, daughter of Mr. and Mrs. W. H. Lester, who live near Summerfield, and Mr. William Pinkney Hudson, who with his father, Mr. T. J. Hudson, runs a store on R. F. D. Route 1 from Summerfield. The bride and groom were met at the depot by a Telegram reporter and escorted to the hotel where Justice D. H. Collins performed the ceremony in his usual impressive manner in the presence of a few especially invited guests. The happy young couple are spending their honeymoon in this city and will return to Summerfield today or tomorrow.

WICKERSHAM RETURNS.

On Return From Trip to Alaska Attorney General Talks About Development of Country.

Seattle, Wash., Sept. 7.—Attorney General George W. Wickersham, who returned from a tour of Alaska last night in company with Secretary of Commerce and Labor Charles Nagel, declares himself strongly in favor of Alaska's development. In an interview he said:

"Transportation is necessary to the growth of Alaska and coal is necessary to transportation. It does seem rather illogical to say the least, that the railroad companies in Alaska had been forced to pay $14 a ton for Japanese or British Columbia coal, when they have much better fuel near them.

"I believe that Congress this winter will work out some way by which the coal mines of Alaska may be developed, looking always to the protection of the government's interests."

While declining to outline the plan that he will recommend to the president the attorney general propounded the query:

"Why couldn't the coal of Alaska be operated somewhat along the lines of the Chicago traction companies. The city of Chicago has at any time the right to take over the traction lines upon payment to the operators of an amount sufficient to reimburse them. I believe that coal operators would develop the Alaskan fields upon indeterminate contracts if they were assured that when their contracts were terminated they would be reimbursed for their investment."

THE "SOUL KISS."

Large Audience Witnessed Performance At Grand Last Night—Many Disappointed.

A large audience witnessed the "Soul Kiss" at the Grand last night and they were in a great measure disappointed—the show was not so awfully shocking after all, just an ordinary and mediocre effort by a company of none too clever people assisted by a husky chorus and three principals that were up to the usual standard of musical comedy stars that visit the Grand.

The spice and ginger that made the "Soul Kiss" popular for 300 nights on Broadway was not in evidence with the exception of one or two instances and the performance was rather flat, considering the opinions that the management of the company has conjured up by rather loud and suggestive lithographs and photo frames.

The chorus was large in number and size but not not over-burdened with facial beauty. They were reather husky and taking into consideration the fact that the show has been on the road less than a week and they are put through a strenuous rehearsal in the afternoon before the performance, going over time and again various numbers on the program they acquitted themselves very well. They had few new numbers, one of which entitled "Those Musical Girls" rightly belongs in a burlesque house of the old school, where smoking is allowed and stag audiences preferred. The voices were fair but they were not liberally supplied with the "Parisian costumes" that most musicals boast about.

Mr. G. B. Fox, as "Sol Skevensky" was in the comedy part and he handled it well, his work being one of the three things that relieved what would have otherwise been a rather sad evening. A turn called "Cutie Tie My Tie," by Miss Finlay and Mr. Fox was exceptionally well received.

Mr. Francis Carrier as "Lucifer Mephisto" had two clever turns one a soliloquy on New York which he (Mephisto), after a view of New York at night from the Singer building, in "I Wonder Where They Go," paid his respects to a number of nuisances. The other trun that he had that helped to save the show "They Were Actors Then" was heartily applauded.

The dancer, Miss Dollie Barlowe, is the real star of the bill and her work decidedly outshone the remainder of the company. She was a real dancer and an artist, and out of the few real chances she had to show her ability, the "Dance de Chase" was possibly the best.

There was not a noticable plot to the bill and none were expected. The excuse for the show is that a sculptor in Paris is looking for a kiss "that comes from the soul and bubbles to the lips." He finds it none too soon.

A Garbage Can and Its Record.

"This Can Has Not Been Emptied in Three Weeks" reads a sign over a garbage can on South Elm street near the corner of Depot street. The Telegram does not youch for the truth of the sign, but the foregoing is what it says. The can is well filled with trash of many varieties.

BIG MAP FOR GOULD

Probably Largest Roller Map Ever Made Just Finished For Him.

New York Times.

When the Missouri Pacific Railway directors gather for the first time in their new boardroom, at 160 Broadway, within a few days, they will have ready for their deliberations a great wall map of the railways of the United States that is probably the largest roller map ever made. The map measures 35 feet across, and is 45 feet high when unrolled. In its mahogany frame, which takes up nearly the whole of the long side of the Gould boardroom, only a fourth of the depth of the map shows between the rollers at the top and bottom.

The map has been a year in making, and eight men have worked nearly continuously upon it. It was made in sections about 10 feet square. These were assembled a few weeks ago on the floor of the Twelfth Regiment aromry, and sewed and pasted together so skillfully that it requires close examination to detect the juncture lines. Then it was rolled up on its roller and transported down town on a theatrical truck.

A shade roller manufacturing company made the two rollers. The top one, which is simply a giant spring roller made of steel, is the largest thing of the kind ever constructed. The manufacturers declined to guarantee that it would work properly, and Mr. Gould had it made at his own risk. The roller is five inches in diameter and 37 feet long. Since it is impossible to construct, even of steel, a tube supported at the ends only that would not sag sufficiently to make the map hanging from it show distortion. Mr. Gray used a roller cradle, which is designed for the Harriman map, which holds the roller up at the middle point. This consists of two small rollers, placed just far enough apart under the big one to give a little depression, into which the big one, with the map rolled around it, sits. They roll with the big one, and are provided with springs and adjustments to make up for the varying thickness of the rolled-up may, which rolls face-on to the big roller, thus making it so that the little cradle rollers touch only the canvas back of the map.

About a fourth of the depth of the map shows at one time. By a crank and automobile chain and sprocket arrangement a man at one end of the mahogany frame can make the two rollers move in unison and bring any point in thte United States down to the eye level. It was Mr. Gould's first plan to have the map rolled by an electric motor but he was advised that the whole apparatus might be ruined if somebody who didn't know how should try to work the current and make a mistake. The apparatus now works perfectly, the great may rolling up and down smoothly, without hitch or wrinkle.

Mr. J. S. Moore, president of the J. S. Moore Lumber Company, arrived yesterday morning from a pleasure trip to Atlantic City, New York and other northern cities.

CHILD MUTES OFF TO SCHOOL

A Car of Deaf and Dumb Children Passed Here Yesterday—One Little Girl Objected Strenuously.

Train number 21 yesterday had a coach filled with deaf and dumb children going to Morganton to enter the school for the deaf and dumb which opens the fall term today. The children were all lively with one exception, and seemed to be enjoying themselves as do other youngsters and were carrying on spirited conversations among themselves using the finger manual, and they attracted considerable attention at the station.

There was one little girl, however, who boarded the train here who elicited considerable sympathy from the bystanders. She is the little eight year old daughter of Mrs. Annie Walker, of White Oak, and is a mute. She had never before been separated from her mother and was crying and fought as strongly as she could to keep from being put on the train.

The little tot can not speak, hear, or write, neither does she understand the sign language but she clearly demonstrated that she was in no way in sympathy with the movement for compulsory education, in her case at any rate.

MR. BLAIR DECLINES

Will Not Engage In Joint Debate With Major C. M. Stedman.

Mr. A. Wayland Cooke yesterday received the following letter from ex-Judge W. P. Bynum, manager of The Republican Congressional campaign committee, which is self-explanatory:

Mr. A. Wayland Cooke, Chairman, Greensboro.

Dear Sir: Your letter of August 29 addressed to Mr. D. H. Blair, the Republican candidate for Congress in this district, and inviting a joint discussion between him and Major Stedman, the Democratic candidate, was duly received by him and referred to the Republican Congressional committee of this district. That committee, as you have seen from the newspapers, met in this city yesterday and while duly appreciating the courtesy of your invitation, decided to decline the same, and in behalf of the committee and Mr. Blair, I have the honor so to inform you.

Very truly yours,
WM. P. BYNUM.

LIKE FINDING MONEY.

Howard Gardner, the popular druggist is making an offer that is just like finding money for he is selling a regular 50 cent botle of Dr. Howard's celebrated specific for the cure of constipation and dyspepsia at half price. In addition to this large discount he agrees to return the money to any purchaser whom the specific does not cure.

It is only recently through the solicitation of Druggist Howard Gardner that this medicine could be bought for less than fifty cents, he urged the proprietors to allow him to sell it at this reduced price for a little while, agreeing to sell a certain amount.

Anyone who suffers with headache, dyspepsia, dizziness, sour stomach, specks before the eyes, or any liver trouble, should take advantage of this opportunity, for Dr. Howard's specific will cure all these troubles. But if by any chance it should not, he will return your money.

Mrs. N. C. Weatherly Will Do a Strictly Cash Business.

After September 15, Mrs. Weatherly will discontinue the credit business and sell strictly for cash on delivery. This step will be of mutual benefit, for it is evident, that if no money is put out for stationery, postage, collectors per cent and no lost accounts, she can sell goods much less than any house running on the credit system. Her goods will be marked for cash and sold for cash only. Mrs. Weatherly wishes to take the opportunity to thank the ladies for their liberal patronage and solicit a continuance of the same under the new cash system.

SWEETS OF THE SOUTH.

Lady Baltimore's Second Cousin Finds Her Way North.

New York Tribune.

Every section of the country has its own culinary specialties, but sometimes it happens that beyond their own borders these local delicacies are not appreciated. There are, however, a few things of national fame, such as the scrapple of Philadelphia, the beans of Boston and the Lady Baltimore cake of the Southern States. The last is perhaps the least known here and the most disputed confection in its native lair. Every family in Charleston, S. C., where it originated, claims to have the one and only original recipe, and even Owen Wister failed to settle the problem.

It is, at its best, an indescribable confection consisting of dried fruits, sugared cherries, dates and figs, much butter, eggs and sugar and mounds of whipped cream to top off.

A Southern women who has hunted assiduously for her favorite confection in the barbarous North says that there isn't a version of it, but she has discovered a little candy shop in the heart of the shopping district where its second cousin, "Baltimore candy," is made. This is a sort of brown caramel filled with figs, nuts, cherries and dates, and tastes unlike anything else on the market of sweets.

There are other strange Southern inventions here, too — luscious grapes dipped in white icing, marshmallows disguised in maple sugar and shredded cocoanut or molasses and pecan nuts. There is an endless array of nougats in all colors and made with a variety of nuts. There are creams unlike any "Italian" or "old-fashioned" creams known to the Northern populace made with the richest of whipped creams and butter rubbed till it looks like cream, and there is the genuine Southern molasses made up into tempting golden squares and jelly gumdrops that melt on the tongue.

The Lash of a Fiend

would have been about as welcome to A. Copoer, of Oswego, N. Y., as a merciless lung-racking cough that defied all remedies for years. "It has most trouble some at night,' he writes, "nothing helped me till I used Dr. King's New Discovery which cured me completely. I never cough at night now." Millions know its matchless merit for stubborn colds, obstinate coughs, sore lungs, lagrippe, asthma, hemorrhage, croup, whooping cough, or hayfever. It relieves quickly and never fails to satisfy. A trial convinces. 50c., $1.00. Trial bottle free. It's positively guaranteed by Fariss-Klutz Drug Co.

JAILED FOR ASSAULTING WIFE

Piano Tuner Charged With Being Drunk and Disorderly.

Danville Register.

A. B. Mitchell, a piano tuner, who came here several weeks ago from Greensboro, N. C., was arraigned in the Mayor's Court yesterday morning on the charge of being drunk and disorderly and for assaulting his wife and children. He was fined $15 and costs for the assault and $7.50 for being drunk.

Mitchell and his wife and five children reside on Church street. It is alleged Monday night he went home in an intoxicated condition and brutally treated his wife and several of his own children. He was arrested and locked up. In court yesterday Mrs. Mitchell testified against her husband and said that she was anxious to return to her own people. Mitchell and his wife have separated a number of times, but were reunited.

NOTABLE ANIMALS ARRIVE.

Atlantic Liners Bring "Most Bowlegged Dog" and Famed Cat.

New York Herald.

Two notable animals came into port yesterday—one Marvelette, a dog of high degree; the other Brayfort Viceroy, a Persian Angora cat of equal distinction.

Marvelette came on board the Minnewaska, of the Atlantic Transport Line, with his owner, Mr. P. H. Davis, of 252 West Fifty-eighth street, who proudly asserted that this was the most bowlegged dog in the world.

Not a few bystanedrs hastily arrived at the conclusion that Mr. Davis' pet was an overgrown bullfrog. His fore legs bowed the shape of the letter "O" and his wide chest cleared the floor by only six inches. Mr. Davis bought the dog in London. He described him as a toy breed of bulldog, and expects him to carry off blue ribbons at local kennel shows. Marvelette is 9 months old. His sire was Lord Cornwall and his mother Golaill Queen, both prizewinners in England.

Brayfort Viceroy arrived on board the Baltic, the White Star Line, and was sent to the Bide-a-Wee Home, at 224 East Sixty-fifth street, to be cared for until his owner, Miss Jackson, of Rochester, arrives. The cat was shipped under the care of Mr. Palmer, purser of the Baltic, to whom were given many instructions by Mrs. Catherine Mullins, of Dublin, Ireland, as to the pet's care while on board.

A Reliable Medicine—NOT A NARCOTIC

Mrs. F. Marti, St. Joe, Mich., says Foley's Honey and Tar saved her little boy's life. She writes: "Our little boy contracted a severe bronchial trouble and as the doctor's medicine did not cure him, I gave him Foley's Honey and Tar in which I have great faith. It cured the cough as well as the choking and gagging spells, and he got well in a short time. Foley's Honey and Tar has many times saved us much trouble and we are never without it in the house." Holton Drug Co.

It Went Up.

"Did you ever see an aeroplane go up?"

"Yes, I was thinking of buying one and the man saw me coming and raised the price $2,000."—Houston Post.

Your kidney trouble may be of long standing, it may be either acute or chronic, but whatever it is Foley's Kidney Remedy will aid you to get rid of it quickly and restore your natural health and vigor. "One bottle of Foley's Kidney Remedy made me well," said J. Sibbull, of Grand View, Wis. Commence taking it now." Holton Drug Co.

Very High.

"They tell me that man's life is on a high plane."

"So it is—a biplane."—Baltimore American.

A Man of Iron Nerve.

Indomitable will and tremendous energy are never found where Stomach, Liver, Kidney and Bowels are out of order. If you want these qualities and the success they bring, use Dr. King's New Life Pills, the matchless regulators, for keen brain and strong body. 25c at Fariss-Klutz Drug Co.

TIGHT HATS.

They Impede Circulation In the Scalp and Invite Baldness.

Ingenious men are continually contriving new kinds of shoes, new suspenders and hundreds of different kinds of braces, but so far, says the Therapeutic Gazette, no one has taken up the idea of making a hat which will hold on the head and not blow off and at the same time not bind the head all around like a constricting band.

Some men go without hats at times with the idea that the hair is improved by ventilation and sunshine. Undoubtedly this does improve it, but the prime secret is not in not wearing the hat at all. The ventilated hat will not prevent baldness if this same hat be worn tightly around the head. If a string be tied ever so lightly around the finger the effect upon the circulation may be easily marked in the end of that finger. A tight hat will affect the circulation of the scalp in the same way.

Hats which are easily blown off should never be worn, as they will not stay on unless jammed so tightly upon the head as to impede circulation. All stiff, rigid hats should be very light, and one should select a size larger than the head measurement and correct the over size by inserting felt strips under the sweat band, thus giving a cushion-like effect and preventing the constriction at that portion of the scalp.

It Saved His Leg.

"I thought I'd lose my leg," writes J. A. Swensen, of Watertown, Wis. "Ten years of eczema, that 15 doctors could not cure, had at last laid me up. Then Bucklen's Arnica Salve cured it, sound and well." Infallible for Skin Eruptions, Eczema, Salt Rheum, Boils, Fever Sores, Burns, Scalds, Cuts and Piles. 25c at Fariss-Klutz Drug Co.

Muggins—"Subbubs says his wife is very much run down." Buggins—"I'm not surprised. You know how those women talk about each other out there."

Two Short Words,

"The best, well describes the satisfaction every user feels when he tries Vick's Croup and Pneumonia Salve for his head or chest, cold on his croupy child. It is a comfort, a cure and a joy. Try a jar and get your money back if not pleased.

Wigwag—"I saw your name in print the other day." Bighedde—"Is that so? Where?" Wigwag—"I was looking over the city directory."

Sound mind in sound body is best condition for our highest achievements. Sound body depends on the liver and bowels performing regularly this proper function. Vick's Little Liver Pills correct irregularities and keep these organs in fine shape by this gentle, harmless aid.

Strange Cries.

The Gratitude of Elderly People

Goes out to whatever helps give them ease, comfort and strength. Foley's Kidney Pills cure kidney and bladder disease promptly, and give comfort and relief to elderly people. Holton Drug Co.

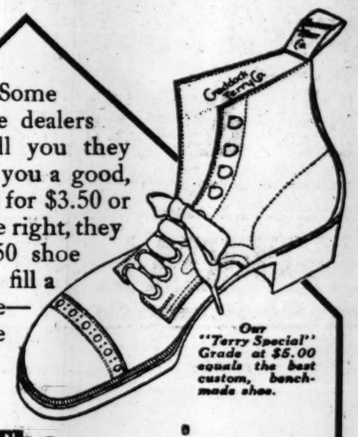
No Man is Stronger Than His Stomach

A strong man is strong all over. No man can be strong who is suffering from weak stomach with its consequent indigestion, or from some other disease of the stomach and its associated organs, which impairs digestion and nutrition. For when the stomach is weak or diseased there is a loss of the nutrition contained in food, which is the source of all physical strength. When a man "doesn't feel just right," when he doesn't sleep well, has an uncomfortable feeling in the stomach after eating, is languid, nervous, irritable and despondent, he is losing the nutrition needed to make strength.

Such a man should use Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition. It enriches the blood, invigorates the liver, strengthens the kidneys, nourishes the nerves, and so GIVES HEALTH AND STRENGTH TO THE WHOLE BODY.

You can't afford to accept a *secret* nostrum as a substitute for this non-alcoholic medicine OF KNOWN COMPOSITION, not even though the urgent dealer may thereby make a little bigger profit. Ingredients printed on wrapper.

We use Live Leather only



Some shoe dealers will tell you they can't give you a good, durable shoe for $3.50 or $4.00. They are right, they can't. The $3.50 shoe they sell is made to fill a demand at this price—not to wear. It is made of seconds—from sole to heel straps.

Our "Terry Special" Grade at $5.00 equals the best custom, bench-made shoe.

The CRADDOCK SHOE

$3.50 All Leathers $4.00

is a revelation to every man who tries it for the first time. It has snap and ginger in the style and cut. It makes the foot feel at home. It wears—30 days longer than any other shoe at the price, because we use live leather—a quality sole, insole, counter, heel, linings. How can we afford it?

Go to the Craddock dealer in your town; he knows—he will tell you.

"It Looks Just Like NEW"

This was the expression of a lady when she called to get a brooch that she had left here for a new pin.

The brooch was polished and refinished.

The new pin was properly fitted and, as she said, it was really new again, and the charge was 15 cents.

How many old pieces of old jewelry have you got lying around that a few cents would make as good as new and put into service again?

Collect some of this old jewelry and bring it down and get an estimate on the cost of fully repairing.

Our work is above comparison, our service prompt and our charges reasonable.

A SURPRISE WEDDING

Miss Nettie Phibbs and Mr. T. R. Wall Were Married In Elon College Tuesday.

A runaway marriage that will surprise a number of Greensboro people took place in Elon College Tuesday afternoon, the principals being Mr. T. R. Wall and Miss Nettie Phibbs, both of this city. The ceremony was performed by Rev. W. C. Wicker, of that place, at 3:45 Tuesday afternoon.

The parents of Miss Phibbs, Mr. and Mrs. A. F. Phibbs, of West Lee street, made strenuous objections to their daughter's marriage owing to her youth, but as usual love laughs at locksmiths and paternal authority and finds a way. Miss Phibbs had been visiting at the home of her uncle, Mr. W. A. Lewis, in Elon College, for several days and Tuesday, Mr. Wall went down and they were quietly married, despite the objections of the parents.

Mr. Wall, with the exception of about three months, which he spent in business in Reidsville, has been in business circles in Greensboro for about five years, coming here from Rockingham county, and has a numerous acquaintance in the city. He is a progressive young business man, being manager of the Wall Mercantile Company, on the corner of East Washington and Davie streets.

Mrs. Wall is the daughter of Mr. and Mrs. A. F. Phibbs, her father being proprietor of the Mile Run Grocery Company, in South Greensboro, and is a beautiful young lady who has many friends here.

The young people are making their home, at present, with Mr. and Mrs. J. T. Hire, 321 Murray street, but expect to go to housekeeping in a short time.

Mrs. Robertson Returns.

Mrs. Lucy H. Robertson returned yesterday morning from a three months' trip abroad. Accompanying Mrs. Robertson were Miss Blanche Gunn, instructor in French, and Miss Porter, art teacher. The remainder of the party arrived in Greensboro some days ago, Mrs. Robertson, Misses Gunn and Porter spending several days in northern cities before coming home.

Public Speaking.

Hon. C. M. Stedman, Democratic nominee for Congress, will address the voters at Gibsonville, N. C. at 4:30 p. m. September 10. The public is cordially invited to hear him. A. Wayland Cooke, Chairman Democratic Congressional Executive Committe, Fifth District.
